

# Michael Osborne Design

United States of America

Since 1981, Michael Osborne Design has been creating some of the most memorable brand packaging and retail design solutions for clients that include Target Corp, Walmart-Stores, The Brown-Forman Corp, Williams-Sonoma, Kettle Foods, numerous wineries, and the U.S. Postal Service. Our work speaks for itself and so do the robust sales figures our clients experience. We have garnered awards from all major design competitions, and have been published in numerous industry publications, including a feature article in Communication Arts, 2011.

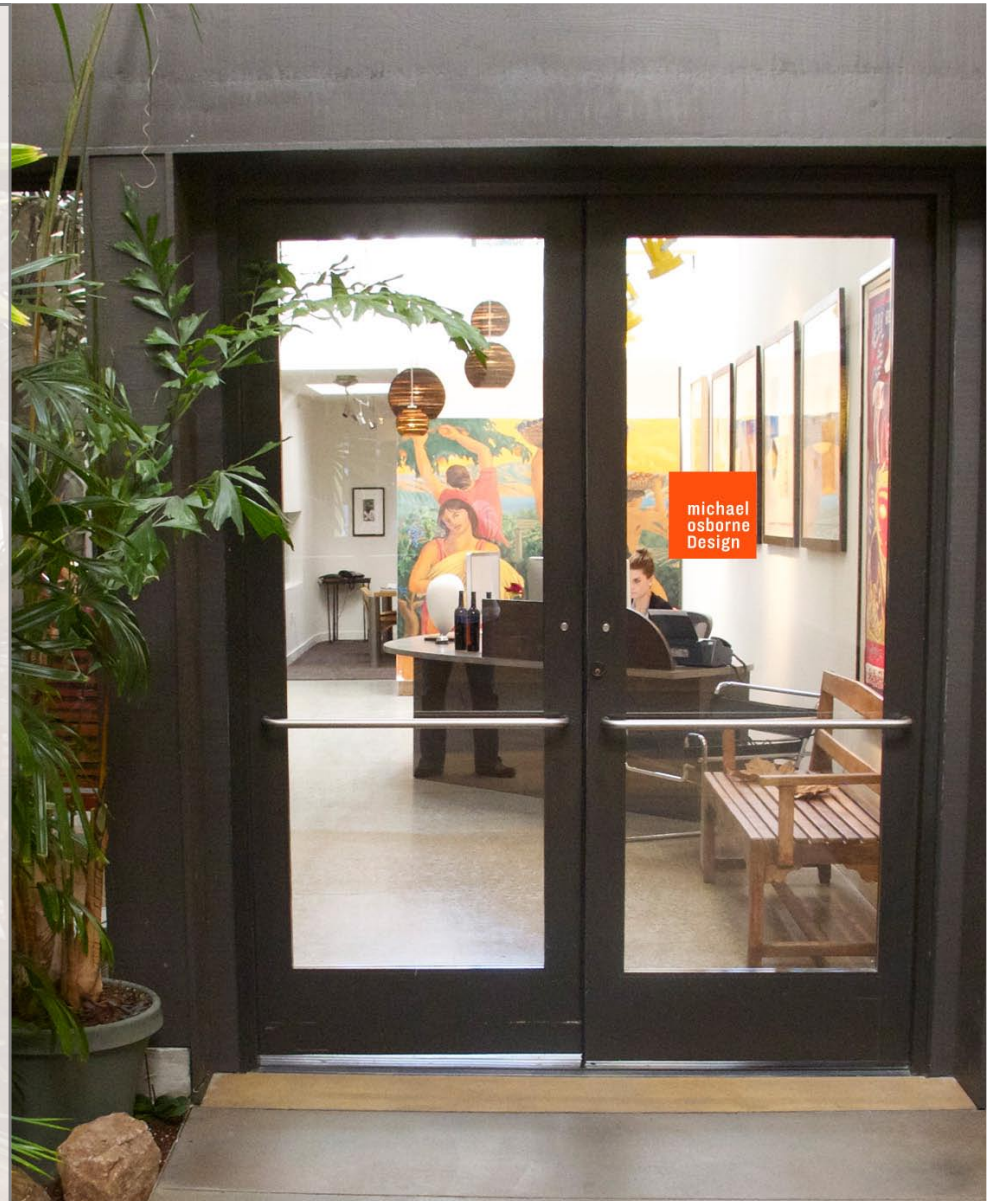

We are committed to design excellence and selling products. Our mantra is simple: We're here to communicate a client's brand, not ours.
