Founded in 1988 and keeping constancy in commercial design, UP CREATIVE is neither a commercial agency nor a fine art creation, but a source of professional suggestion and utility creative design, which awarded by lots of international and local competitions. UP CREATIVE firmly believes that commercial design will eventually go back to trade itself, only under the concept of marketing plans and visual design can provide a useful and unique design to reach the most powerful visual effect in greatest benefit. UP CREATIVE always persists in "Creation, Quality, Service, and Timing". Without a qualified and creative design in time equals to the failure in effective service to clients. Her philosophy —progress and creation— are continuous, because she exactly knows what commercial design demands. Following the footstep of new age, she will keep her design in Utmost Progress.
